MEDICINAL.

HOW TO HOLD A HUSBAND.

The best known guide to married happiness is to hold the husband as you won the lover—by cheerfulness of disposition, patience and keeping your youthful looks. Of course a great many women are handicapped by those ills to which women are heir. The constantly recurring troubles which afflict her are apt to cause a sour disposition, nervousness and a beclouded mind.

Dr. R. V. Pierce, the specialist in woman's diseases, of Buffalo, N. Y., after a long experience in treating such diseases, found that certain roots and herbs made into a liquid extract, would help the majority of cases. This he called Dr. Pierce's Favorite Prescription. Thousands of women have testified to its merits, and it is put up in shape to be easily procured and is sold by all medicine dealers. This is a potent tonic for the womanly system. So much faith has Dr. Pierce in its merits that he offers $500 reward for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which he cannot cure. All he asks is a fair and reasonable trial of his means of cure.

"I cannot express my thanks for the benefit I have received from Dr. Pierce's medicines," writes Mrs. Julius Wehrly, of Cambridge, Dorchester County, Md. "I took 'Favorite Prescription' and feel that a perfect cure has been effected. I feel like thanking you a thousand times for the good you have done me, and for the kind and fatherly letters which you wrote. I shall always speak a good word for your medicines whenever I can."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, 663

HICKS FOR DECEMBER.

First storm period, reactionary—This period is central on 1st, 2d and 3d. By the 1st a well-defined change to falling barometer, warmer weather and areas of rain will be advancing from the west. Change to colder, with rain turning to snow and sleet, will follow on the western side of these disturbances. Freezing weather will prevail generally for a few days after these storms.

Second storm period, regular, extends from the 5th to the 10th. There will be a change to warmer and from the 6th to 10th general rains will move eastward over the country. While electrical storms are probable at the first, look for sudden and sweeping change to much colder, bringing a cold wave out of the northwest.

Third storm period, reactionary, is centered on the 12th, 13th and 14th. The probabilities are that very rough and unsettled weather will continue after the preceding period but change to warmer, with falling barometer and more decided storms of rain and snow may be counted on from the 12th to 15th.

Fourth storm period, regular. This extends from the 17th to 22d, being central on the 19th. General storm conditions will appear at the beginning of this period, the barometer will fall, the temperature will rise and precipitation will begin in the form of rains. From the 19th to the 22d these rains will spread over the country eastward, while in all western and northern parts of the country snow and sleet will follow the rain. About the 22d, the storms will assume the character of blizzards in many parts of the country. High, cold gales from the northwest will bring up the rear of these storms, sending a cold wave into most parts of the country by Christmas day.

Fifth storm period, reactionary, will center about the 25th and 26th. Storm lines will continue in a general way from the preceding period but this tendency will quicken into more decided storms of wind and snow on and about the 25th and 26th.

Sixth storm period, regular, extends from the 28th to the opening days of January. About the 29th the barometer will fall again, the temperature will rise again as the month goes out, more storms of rain or snow will move eastward. These storms will wind up in the opening days of January and be followed by the regular change to colder.

Bishop Against Holiness Belief.

Park View Southern Methodist Church of the Portsmouth Conference district is in the throes of discord, owing to the failure of Bishop Wilson to return its pastor, Rev. C. Ellington McGee, for another year. There are two factions in the congregation, one holding the "holiness" or "second blessing belief," the other maintaining there is no such doctrine.

Mr. McGee is opposed to the holiness idea, and vigorously disapproved of it in his sermons. This course naturally brought him the opposition of the "holiness faction," and long before the conference met at Lynchburg plans were made to secured Mr. McGee's transfer by those he had displeased. This called forth strong efforts upon the part of the congregation standing with the pastor, and the fight was an earnest one. The Bishop was pronounced in the statement that the holiness or second blessing element had given him trouble in several of the conferences over which he had presided, and remarked that the time had come, in his judgment, when the General Conference should take a decided stand to check this influence, as it is a serious barrier to the progress of the church. The Bishop appointed Rev. Bascom Dey to the Park View charge, and 11 of the 12 stewards have resigned, while next Sunday's service is expected to show that a very large percentage of the congregation has changed its place of worship.

Attack on Social Club.

"The greatest curse that the men of our Commonwealth have brought upon themselves," declared Rev. Dr. J. Panuebecker, of Columbia, in his address before the Pennsylvania Evangelical Alliance at Lebanon, Pa., Thursday, "it the social clubs. They are the foes of religion and manhood, and everything that is manly—an enormous evil, which strikes at the root of the religious home. The up-to-date society man, driven out of his usual haunts, takes refuge in his club, where civil, moral, and divine laws have no effect. The social club laughs at Sunday law, and as there is no remedy under the present law, the church must create sentiment against the clubs for their abolishment."

Rev. T. T. Mutchler, D. D., of Philadelphia, secretary of the Pennsylvania State Sabbath Association, in speaking on "The Sabbath, Its Value, Dangers Threatening it and What we Can Do to Prevent its Desecration," said the dangers threatening it are confined to three classes of people—the indifferent, the ignorant and the vicious. The Sunday newspapers Dr. Mutchler stamped as "the curse of curses."

Rev. Kerr Boyce Tupper of Philadelphia, was elected chairman of the alliance, with Rev. N. B. Grubb, recording secretary; Rev. S. M. Vernon, general secretary, and W. H. Wanamaker, treasurer. Bishop Talbot and Rev. F. W. Tomkins, of Philadelphia, spoke at the closing session last night.

Revenue Receipts in Virginia.

The following are the amounts of the internal revenue receipts for Virginia during the last fiscal year; Second Revenue District, Asa Rogers, collector, $2,316,796.24; Sixth Revenue District, Park Agnew, collector, $1,234,083.66. making the internal revenue receipts from the State aggregate $3,550,879.90. This does not include the revenues from Northampton and Accomac counties, which aggregated $1,075.41. These two counties have been placed within the collection district of Maryland.

The report says that 45 illicit distilleries were seized and destroyed in Virginia during the year, and 3 were seized and removed.

Died While Playing Sleepy Man.

"Now, papa, shut your eyes and play sleepy man," said little Ethel as she sat in the lap of her father, Charles Sherman, of Baltimore, Thursday. The child placed her curly head against that of the obedient father and feigned sleep. The little girl waited and waited, and at last her mischievous eyes opened and gazed earnestly in her father's face. "Oh, papa, wake up, wake up! What makes your hand and face so cold? Papa! Papa? wake up?" Papa was dead.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel trouble Electric Bitters is the only medicine. Only 50c. It's guaranteed by E. S. Leadbeater & Sons, druggists.

Head About to Burst From Severe Bilious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr. J. W. Smith of Juliff, Texas. For biliousness, stomach troubles and constipation these Tablets have no equal. Price 25 cents. For sale by Gibson & Timberman and W. F. Creighton & Co.

Beware of Counterfeits.

"DeWitt's is the only genuine Witch Hazel Salve," writes J. L. Tucker, of Centre, Ala. "I have used it in my family for Piles, Cuts and Burns for years and can recommend it as be the best Salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All salves and blood remedies proved worthless, I could not walk for two years. Finally I was persuaded to try DeWitt's Witch Hazel Salve, which has completely cured me. It is a wonderful relief." DeWitt's Witch Hazel Salve cures without leaving a scar. Sold by all druggists.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, DEC. 3, 1904

IN CONSEQUENCE of its unfortunate publication of the fake story about the President's son cruelly treating a gift turkey, the Boston Herald is not only barred from access to official news sources in Washington, but also to those in the local federal offices in Boston. The President's order prohibiting "those responsible for the publication of the story" from securing news from the executive departments of the government covers the weather bureau at Boston, also the customs house, the internal revenue offices, the immigration offices, and the U. S. Clerk's and marshal's office, in Boston. The orders to these offices have been transmitted from the government departments having jurisdiction over them. It is the President's purpose to bar the Herald from all direct access to government news until such time as he shall deem that the paper has been sufficiently punished. The story was no doubt annoying to the President, but his wisdom in dignifying it by an official denial is questionable. The turkey manifesto will probably afford some amusement to future historians.

THERE IS every reason to believe that the curtain will soon be rung down upon Port Arthur, and that the heroic band which has held out so long against terrible odds will be forced to capitulate or suffer extermination. The pertinacity of the Japanese and the bravery and obstinacy of the besieged will form prominent chapters in the history of the military and naval prowess of the twentieth century. With a total disregard of life and limb the Japanese have taken one stronghold after another until they are now in a position to mount guns and shoot into the city and harbor. The Russians in the meantime are holding out faithful unto the end, and while dodging shells and extinguishing fires they have preserved their reputation for heroism and self-denial.

THE THIRD session of the Fifty-eighth Congress will begin on Monday next. Speaker Cannon says that there will not be more than time enough in the session to consider and pass the regular appropriation bills, and his word goes. An effort will be made, however, to pass the Cooper bill for exploiting several schemes of railroad speculation in the Philippines at the expense of the natives. At the same time a new attempt will be made to give the steamship trust some kind of a subsidy in accordance with party promises. But as legislation in the Senate is "by unanimous consent," as Speaker Cannon says, no important measure on which Senators differ in opinion is likely to run the gauntlet in this session save the general money appropriations.

ON THURSDAY MORNING the President after a consultation with a number of the republican party leaders announced that nothing would be done with the tariff for the present. Thursday night Vice President-elect Fairbanks who was among the speakers at the annual dinner of the Home Market Club at Boston, declared that the tariff must be altered to fulfill the promises made by the party during the campaign. But what are campaign promises among friends of the tariff? The same leaders who prevailed upon Mr. Roosevelt to change his mind concerning the tariff will have to see Mr. Fairbanks so that the head and tail of the ticket can talk in unison.

MISS HOPKINS, the director of physical training for women at the Drexel Institute, Philadelphia, is the possessor of a composite photograph of the average American woman, which is far from flattering. The picture was taken of several hundred women inspected for physical training classes, and it has been found that the young American is flat-chested and unevenly developed, and altogether less symmetrical, from an artistic standpoint, than the woman of many other countries. And what will the American girls do now, poor things?

THE comptroller of the currency has issued a statement showing the condition of the Virginia banks on Tuesday last. From this report it is shown that the total resources of these banks are $71,772,154, including loans and discounts amounting to $39,954,202. The capital stock of these banks, paid in, is $7,804,270; surplus fund, $3,912,581; undivided profits, $2,594,980; individual deposits, $39,405,210, and U. S. deposits, $2,676,404. This is a gratifying exhibit and shows a marked increase in the banking business in this State.

A WEATHER wise resident of Cape May county, N. J., says: "The winter ahead of us is going to be the mildest winter experienced in years. It will be as open a season as the winter of 1882, which was a record breaker for mild, balmy weather." Hicks predicts a cold December. Those who believe in weather prophets can take their choice without paying their money.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Dec. 3.

The opening day of the third session of the 58th Congress, next Monday, although it will attract a large concourse of spectators, will be comparitively uneventful. The Senate will be in session probably not more than 15 minutes. The business of the House will occupy very little more time. President pro tem. Frye will continue to act as the presiding officer of the Senate until Senator Fairbanks shall be sworn in as Vice President on the 4th of March. The first business in order will be the call of the roll. Then a resolution will be adopted informing the House that a quorum of the Senate is present. A committee of two will be appointed to wait on the President and notify him that the Senate is in session and ready to receive any communication that he may have to make. Senator Lodge will announce the death of Senator Hoar, of Massachusetts, and Senator Penrose the death of Senator Quay, of Pennsylvania. As a mark of respect to their memories the Senate will then adjourn until Tuesday. In the House the proceedings will be along similar lines. Speaker Cannon will call that body to order. There will be a roll-call and certain executive documents submitted on the initial day of the season, will be informally received. By that time the sergeant at-arms of the Senate will be ready to report that the Senate is in session and has appointed a committee to call on the President. The House may, then, if it be deemed advisable, refer some contest election case to a committee, and then the "Father of the House," Mr. Bingham, of Pennsylvania, will call for the appointment of three members to join the two of the Senate to wait on the President, Mr. Bingham will be a member of that committee. The House will then adjourn also as a mark of respect to the memory of Senators Hoar and Quay. No member of the House has died since the last adjournment. This is considered a notable record and has not been duplicated in many years. The House "hopper" will be liberally patronized on the first day. Not less than two or three hundred bills and resolutions will be introduced. The President's message will not be sent to Congress until Tuesday afternoon. When the lawmakers assemble they will find the Capitol building in handsome repair, although only a few important alterations have been made since last adjournment.

Senator Fairbanks who has arrived in Washington to attend the session of Congress, announces his intention to serve as a Senator until he is inaugurated as Vice President on March 4.

It is announced at the War Department today that a discharge from the army would be granted young Langhorne Putney, son of Mr. Stephen Putney, of Richmond, whose disappearance in St. Louis a short while ago created a great sensation.

Contractors doing business hereafter with the Navy Department will be relieved of part of the heavy penalty imposed for failure to fulfil their obligations. Under the present plan a penalty of one fifth of one per cent. price of articles overdue for each day's delay when the amount involved is less than $10,000 and one tenth of one per cent when the amount exceeds $10,000. Secretary Morton's new order cuts this penalty in two. The bureau of supplies and accounts is also permitted to wave the entire penalty where it can be shown that the contractor's breach of contract is due to strikers, riots, fires or other unavailable causes.

Because of admissions made by officials of the German-American Bank of Buffalo, N. Y., that the institution was insolvent a few weeks ago, the run on the bank was renewed this morning with a vigor that promises to increase as the day progresses. Former Cashier Weppner, who resigned by request of the bank officials a few days ago, gave out a statement in the morning newspapers, in which he declared the institution had made many big loans on "questionable security."

Serious Charges Against a Merchant.

Oliver F. Faulkner, one of the most prominent dry goods and shoe merchants of Winchester, was yesterday afternoon made defendant in an action for $10,000 damages, claimed by John Beitsch, acting for Effie Beitsch, his 12-year-old daughter. The girl in the bill alleges that, while in the Faulkner store on November 21 she was at the hands of Mr. Faulkner "greatly hurt and injured, and did suffer great mental anguish, shame and dishonor." A sensational trial of the case is expected at the next term of the Circuit Court. Owing to the prominence of the defendant, who is a married man with a family, the affair has created a sensation. The declaration of the complainant contains seven counts, alleging improper treatment while in his store on November 21. Mr. Faulkner says the allegations are false and that he would fight the suit to an end. It was stated that criminal proceedings would also probably be instituted by the State.

PREPARING FOR FINAL STAND.

As has been stated in the Gazette, in a desperate attempt to retake the important position known as 203-Meter Hill the Russians were repulsed with heavy loss. The fact that General Stoessel risked the lives of his rapidly dwindling force of brave defenders in such an undertaking shows the extremely critical situation of the garrison.

The Russians are fortifying positions between Liaoti and Mantai Mountains, upon which they evidently intend to make their final stand.

It is hinted in St. Petersburg that if the fall of the fortress is shown to be inevitable the Czar may direct its surrender in prevent further sacrifice of men.

The Russian War Office officials are puzzled over the situation in Manchuria and are reticent concerning reported movements. There was a heavy bombardment along the Russian center and right yesterday, which St. Petersburg officials admit may indicate that Kuropatkin is about to again assume the offensive. General Rennenkampff pursued a Japanese detachment below Sintsintin as far as the Taitse river.

The fact that the Japanese offered little resistance to Rennenkampff might be a trick to draw the Russians into a trap.

With the confirmation of the news that the Japanese have occupied 203-Metre Hill, and the report that the Russians unsuccessfully attempted recapture, officials at the Russian War Office are beginning to prepare themselves for the inevitable. Golden Hill and Liaoti Hill are higher and dominate 203-Metre Hill but the officials say that if the Japanese succeed in mounting heavy guns upon the latter, it probably will be only a question of days or weeks before the fortress falls. Still, there is not the slightest idea among General Stoessel's friends that he will surrender, even if he should be ordered to do so. It is hinted that it is possible that if the fall of the fortress is shown to be inevitable, the Emperor may direct its surrender in order to prevent unnecessary sacrifice of the remnant of its brave defenders; but it is believed by those who know General Stoessel best that he will literally make good his threat to hold out to the last man and the last cartridge in Port Arthur.

The ships in the harbor, it can now be stated on high authority, are in no condition to attempt to break through the investing squadron. The guns of the warships were long ago landed, and the marines and soldiers have been participating in the land defense. Some of the ships also have been injured by shells. If the fortress falls it is understood they will be taken outside and sunk in deep water, in order to prevent the possibility of their ever being of service to the enemy.

The question of the advisability of reinforcing Vice Admiral Rojestvensky's squadron with the Black Sea fleet is again being agitated by some of the papers.

Today's Telegraphic News

Mrs. Chadwick.

New York, Dec. 3.—Mrs. Cassie L. Chadwick is still at the Holland House this morning. It was learned today that she was deterred from going to Cleveland last night by advices by counsel here in regard to the receivership proceedings brought in Cleveland. It was also learned Mrs. Chadwick has no intention of sailing for Europe; that she proposes to settle the claims of Jaques Krakauer, dealer in laces and house furnishings, in New York. His claim upon Mrs. Chadwick is only for $600, and she expects that the same action that was taken in the Newton case will result in the settlement of the Krakaur claim, and the receivership proceedings will again be withdrawn. Mrs. Chadwick received word from counsel last night that receivership proceedings had been begun in Cleveland. Later she called up the home of George E. Ryall of counsel for Herbert Newton of Brookline, Mass., and assured Mr. Ryall that the new receivership proceedings would have no effect upon her agreement to settle the Newton claim of $190,800, according to the terms decided upon.

Justice Conlon in the city court this morning, issued an attachment against the property of Mrs. Cassie L. Chadwick, in favor of Louis & Company, Fifth avenue milliners. The attachment was issued on the ground that Mrs. Chadwick is a non-resident of this city. The amount is $1,000. The writ was immediately placed in the hands of the sheriff, who started out in search of property belonging to Mrs. Chadwick upon which to levy.

Jaques Krakaur, the New York lace and embroidery merchant, upon whose claims against Mrs. Cassie L. Chadwick, a petition was filed in Cleveland yesterday declaring the woman's affairs in voluntary bankruptcy, declared today that a grievous mistake had been made and that the application would be immediately withdrawn.

Suicide of Rejected Lover.

New York, Dec. 3.—The unrequited love of Edward T. Gray, a mining man, for a young woman he had met in the lower Tenderloin, was the cause of his self-destruction early this morning in his room at the Lexington Hotel. The young woman is Lulu Adams, who was with Gray when he shot himself. She has been taken into custody by the police as a suspicious person. Gray met Miss Adams some time last April while whiling away some leisure time at the Alhambra on east Fourteenth street. He became infatuated with her and told her of his love. He proposed and was refused, the young woman declaring that she did not care to marry. Gray continued his attentions and six weeks ago he went to Kentucky, on business, and on his return he rented a room at the Lexington Hotel and hunted his sweetheart. He offered her marriage and declared that unless he was accepted he would kill her and himself. Last week Miss Adams agreed to marry him and Gray bought the ring and arranged for the wedding at the Little Church Around the Corner for last Tuesday night. The night before the wedding Gray found his fiance in the company of a man in the Alhambra. He became jealous. The night of the wedding the woman failed to appear, and she later told Gray that she would marry him next week. Last night Gray armed himself and started out to kill his rival. He found Miss Adams alone and she went with him to his room in the Lexington Avenue Hotel. Guests of the hotel heard quarreling and screams, after which Miss Adams ran out of the room. A few moments later a pistol shot was heard and Miss Adams and night clerk Tricks returning to Gray's room found him lying on the bed dead with a wound in his head.

Drop in Cotton.

New Orleans, Dec. 3.—The Cotton Exchange was filled with visitor, including several hundred ladies, today, to hear the annual agricultural bureau report. The estimate of 12,162,000 bales to which conservative trades added 3,600,000 for linters, makes the present crop about 1,000,000 bales larger than any crop raised in the history of the cotton industry. Prices fell within a few minutes 45 to 50 points. The excitement was intense especially among country bankers who had been lending money on cotton at 8 cents and over. Spots middling were marked down to 8 1-16 cent and sold lower than this board quotation. January went to 7-88 March 802, and May to 804. The bulls had been forewarend by the ginners report and nearly every one was covered. Ordinarily the report would have sent cotton down two cents.

Burning of "Ancient Rome."

St. Louis, Dec. 3.—A fire at 11:30 last night totally destroyed "Ancient Rome", on the Pike, at the exposition grounds, and partially burned "On the Bowery", "Quo Vadis", "Fair Japan", and "Old St. Louis". The total loss is $258,000, part of which is covered by insurance. In the section of "Ancient Rome," concession occupied by the "Quo Vadis" exhibit, were twelve beautiful paintings by the Polish artist Jans Styka, which were burned. Steyka states that the paintings were insured for $30,000 in Europe. They were valued at $75,000. The fire occasioned wild excitement among the employes on the Pike, many of whom live in the concessions. Several inmates of "Fair Japan" were injured in rescuing their possessions.

Wife Murder and Suicide.

Dayton, O., Dec. 3.—Charles Fraver, aged 67, while his wife, Henrietta, aged 65, was sleeping this morning sent a bullet through her temple. He then turned the revolver on himself and ended his life. Their son-in-law, Joseph Ingellinger, and his wife rushed to the door and opened it just after the second shot had been fired. The old man was standing with blood trickling down his face. As they gazed he dropped heavily to the floor dead. Mrs. Fraver was dead when they reached the bed. Fraver probably shot his wife and killed himself because she wanted to go to Indiana to visit friends. They had just received letters of invitation to make a long visit. They quarrelled about making the trip, and children think this led to the tragedy.

The Russo-Japanese War.

Tokio, Dec. 3.—Reports from the vicinity of Port Arthur show that Japanese vigilance has not been relaxed.

London, Dec. 3.—It is reported in official circles that the Marquis Ito, Japanese Ambassador to Korea, accompanied by M. Kurino, former Japanese Minister to St. Petersburg, will come to Europe by way of America, early in 1905. The purpose of their mission has not transpired, but it is known that it partly relates to the future administration of Korea, and the transferring of the business of the Korean legations to the Japanese ministers.

Mukden, Dec. 3.—Opinion is divided here regarding the prospect of a big battle between the Russian and Japanese forces before the next spring, although the indications point that General Kuropatkin, commander-in-chief of the Russian forces, in Manchuria, has resolved not to assume the offensive during the winter months. The Russians are establishing winter quarters and are collecting huge stores of forage and provisions. Believing that general hostilities will not be resumed during the winter months, there has been a great exodus of newspaper men and military attaches. Lieut. Colonel Walter S. Schuyler, of the Second U. S. Cavalry, and Col. Carl Reichmann of the 17th U. S. infantry, the United States military attaches with General Kuropatkin's army, are among the last departures. Only six newspaper men remain and some of these contemplate leaving.

Mukden, Dec. 3.—Outpost fighting continues to both flanks.

Tokio, Dec. 3.—The announcement was made here today that an armistice for six hours was declared yesterday at Port Arthur in order to give the contending forces an opportunity to bury their dead.

The Tennessee Launched.

Philadelphia, Penn., December 3.—The armored cruiser Tennessee was launched from the yards of the Cramps shortly before 11 o'clock this morning. As the vessel glided down the ways into the Delaware, she was saluted with whistles and the glad cries of thousands of people in the shipyard and on adjacent piers. Miss Frazier, the youthful daughter of the Governor of Tennessee, the sponsor of the vessel, was accompanied by half a dozen of the fairest young women who ever left the State of Tennessee to take part in such a function. The others besides herself, were attired in white and as they mounted to the christening platform, they gave the appearance of a bridal party going into church. Miss Frazier mistook the order of a workman on deck for the word to break the bottle, and promply swung her "right," on the good ship's prow. Before the people who had scattered in order to escape the unexpected shower of champagne spray, could get out of the way the holding blocks had been sawed asunder and the vessel had started on its first voyage. After the launch all the invited guests were entertained at luncheon in the mould loft, of the works. Among the guests present were: Senator and Mrs. E. W. Carmack; Congressman Gaines and a number of naval officers. The Tennessee is of 14,500 tons displacement as against 13,680 tons of the Colorado and Pennsylvania. She is 502 feet in length, 71 feet 6 inches beam, (two feet wider than the Pennsylvania,) 24 feet 6 inches draught and required to make a speed of 22 knots for four consecutive hours. Her gun power is greater than the others by substitution of ten inch instead of eight-inch, and by two additional six-inch guns.

Miners Killed.

Hazelton, Pa., Dec. 3.—Fritz Lucas and John Kuscio were instantly killed in No. 5 Heneybrook slope of the Lehigh and Wilkesbarre Coal Company, this morning. They were charging a hole with dynamite, and instead of using a wooden tamper, provided by the company, they used an iron drill. The charge exploded and both were badly mangled. Lucas was married and had a large family. Kuscio was single.

Burned to Death.

St. Louis, Dec. 3.—Jack Roberts, aged 35, janitor, is supposed to have perished and ten nurses employed at the Missouri Baptist Sanitarium on north Taylor avenue narrowly escaped being burned to death in an early morning fire at their dormitory, 4222 McMillan avenue. They escaped in their night robes, several jumping from windows.

New York Stock Market.

New York, Dec. 3.—Continued buoyancy was the feature of the stock market this morning. The weakness in cotton resulting in further declines in the foreign exchanges stimulated speculation in the issues of the southern stocks. Atlantic Coast Line gained over a point. There was an increased demand for Southern Railway, and Chesapeake & Ohio and Norfolk Western advanced 2 per cent. In the Industrials, Virginia Chemical was strong.

POLICE COMMISSIONERS.

Action of Mayor Paff in Suspending Officers Roberts and Mayhugh Sustained—No Action Taken in the Bloody Collar and Necktie Incident.

A called meeting of the Board of Police Commissioners was held last night. Mayor Paff presided, and Commissioners Hill, Lawler and Graham were present.

The Mayor stated that he had convened the board for the purpose of reporting his action in suspending Officers John T. Roberts and William Mayhugh for gross violation of the police rules. He called attention to the fact that his action had necessarily depleted the force, but that he had consulted the chief who thought the department could get along should one man be appointed to serve during the next thirty days.

Some discussion followed as to whether the Mayor should appoint an officer pro tempore or the board select one. It was generally agreed that the Mayor, who had power to appoint extra men when occasion required it, could make a selection in this instance.

The Mayor stated that the chief had suggested the selection of ex-policeman James Hall to serve during the suspension of Officers Roberts and Mayhugh. The board approved the choice and he was appointed last night.

The matter of the suspension of the two officers referred to was then taken up.

Mr. Graham asked for information concerning the record of these men.

Mr. Lawler said this was the first charge that had been made against Mr. Mayhugh, but the third of the same nature Mr. Roberts had been made to face.

The Mayor called attention to the fact that he had imposed the maximum punishment he could inflict in such cases. While the board had the power to proceed further, he believed that the moral effect of the penalty he had imposed would have as much effect on the force as if the officers were removed.

Mr. Graham said a heavy fine had been imposed. The officers would lose $50 each. He, too, believed the Mayor's action would have a salutary effect. He believed the board should uphold the Mayor in his action, which he approved and made a motion to that effect.

Mr. Lawler said he viewed the matter in an entirely different light. The Mayor, it was true, had done all he could in the matter. The speaker had always heretofore endeavored to be lenient to officers overtaken in a fault, and in this matter he was in favor of sustaining the Mayor so far as Mr. Mayhugh was concerned, as it was his first offense, and he recognized the fact that he was a good officer. He did not, however, think the board should make any further delay in regard to Mr. Roberts. Mr. Lawler gave most of the details in connection with the charges which had been made against the two officers, and maintained that those against Mr. Roberts were of too grave a nature to allow of any punishment short of expulsion. There had been three charges on the same line preferred at different times, and in the last instance the repetition of the old offense was coupled with a second of more serious import. The acts alleged against him had destroyed his prestige in an element with which the police have much to do and his usefulness was at an end. He believed the board should come down to solid business in this case. Much had been said during the past two months about bringing about discipline in the police force. The time had come when the board should be rough, and he moved that the charges against Mr. Roberts be investigated by the board.

Mr. Hill said he had always endeavored to be lenient with members of the force against whom charges had been brought, but he realized that the police force had been conducted carelessly of late, and it was time the members were made to know that the board meant business. He thought the Mayor's action a sufficient indication. In future he would be in favor of dismissal, but in the cases under discussion he thought it better to sustain the Mayor in his action at this time, as he believed sufficient warning had been given.

Mr. Lawler said officers should be above reproach, and he appealed to the board to know what respect would be shown men guilty of charges for which one of the two men had been suspended.

Mr. Graham acknowledged that there was much truth in Mr. Lawler's observations, the Mayor also signifying assent, the latter saying that in future the board could act more rigidly in such cases.

Mr. Graham's motion to sustain the Mayor was subsequently adopted—ayes, Messrs. Hill and Graham—2; no, Mr. Lawler—1

The Mayor next called attention to a matter that caused considerable comment last week. His honor said that, according to a statement made to him by Officer Henderson, a man named W. R. Terry, a drummer, had been guilty of disorderly conduct in one of the passage ways of the Braddock House on the night of Monday, November 21, and when Officer Henderson attempted to arrest him the stranger clutched him by the throat and he was compelled to use his baton in order to induce him to relax his hold; that he brought the man, who was bleeding profusely, to the station house, that the officer and the prisoner were of the opinion that both had made mistakes; that Terry did not recognize the officer in the dark, and that the latter in twirling his stick in front of him when he entered the hall had struck the man. Terry had no charge to urge against the officer, and the latter had accompanied the injured man to the Alexandria Hospital where his head was dressed and on the way back the man had thrown his bloody collar and necktie away. He was allowed to leave the station house about seven o'clock next morning. The Mayor said he failed to see what he could base an investigation upon, as the complainant had left the city.

Mr. Graham thought the position taken by the Mayor was correct.

Mr. Lawler said he was compelled to dissent from the opinions expressed by the Mayor and Mr. Graham. From all he had heard of the matter it was an ugly incident, and he proceeded to give the history of the case as he had heard it and which had emanated from people who could be summoned before the board. The speaker said it appeared that a stranger, a drummer, left a train on Fayette street about 12 o'clock Monday night, November 21, and entered a saloon on the northwest corner of Cameron and Fayette streets. He was drunk and carried a satchel, and wanted more liquor. A colored man named Willis, who attended the bar, told the man that he had drunk enough and refused to sell him any more stimulants. The stranger left and later the bartender saw the man proceeding down Fayette street in company with two young colored men. Not knowing what might happen to the stranger, he called the attention of Officers Ferguson and Arrington to the facts in the case. The next heard of the man he was on Fairfax street, near the station house, and later stumbling about in a dark passageway of the Braddock House where he had caused some excitement and where an officer appeared and clubbed him until it was necessary to telephone for a physician to stay hemorrages from which the stranger was suffering. The man was subsequently released and no mention of the affair was made on the docket at the station house. If the man, as is alleged, assaulted the officer he should have been arrested and the matter investigated. A bloody collar and necktie were found next morning in the street, and although the local newspaper made mention of the find two days in succession, no explanation was made at the station house until the paper furnished the facts in the case and observed that the Police Commissioners would investigate the affair. Mr. Lawler contended that Officers Ferguson and Arrington should have taken the man in charge when their attention was called to him, and not have allowed two colored men to take him through the streets while drunk after midnight.

Mr. Graham said there were two sides to all things. Had the stranger not been drunk he would not have been the victim of such a train of misfortunes.

Mr. Lawler said that while he made this statement, he would not ask the board to investigate the matter. He merely desired to place before the board what he believed were facts.

Chief Webster was summoned and his statement varied but little from that of the Mayor.

Officer Arrington appeared and stated that on Monday night he and Officer Ferguson had seen the stranger in company with the two colored men, one of whom the officer said was a "hard nut," which he explained by saying he was often in the hands of the police for fighting. Mr. Ferguson had told the darkeys that should anything happen to the stranger they would be held responsible. Mr. Arrington said nobody called the attention of the officers to the man; that they saw him on Fayette street, between King and Cameron, and that when it was intimated that he might be robbed, the stranger replied that he had but six dollars in his pocket to lose. The man, he said, might have been drinking, but did not appear to be drunk.

After some further interchange of opinion the board adjourned.

Suffocated by Gas.

Paterson, N. J., Dec. 3.—Justice of the Peace James Diamond was found dead in his office last night, have been suffocated by gas let loose in the office by a break in a gas main. Investigation disclosed that the gas main in the cellar, over which the old man was sitting, was broken. So great was the quantity of gas pouring out that the workmen were obliged to shut off the supply before they could begin the work of repair, and several persons in the street were overcome.

McClure's for December has been received from its editors in New York and is in the front rank of magazines for timeliness and literary worth. Ray Stannard Baker tells a story which interprets the real significance of the "Closed Shop" with its antithesis, the "open shop." S. S. McClure gives statistics which confirm the general impression regarding the rapid increase lawlessness in our country. John Fargo contributes an essay on "Alleries," accompanied by beautiful reproductions in tint. Geo. W. Alger views Miss Tarbell's "History of the Standard Oil Co." The fiction of this Christmas number is especially fine, consisting of the second part of Stewart Edward White's serial, "The Rawhide," and seven charming short stories.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequaled. A recent expression from T. J. McFarland, of Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by E. S. Leadbeater & Sons, druggists. Trial bottle free, regular sizes 50c and $1.00.

Death of Old Resident.

Mr. James Owens, an old and well known resident, died last night at the almshouse after a short illness. The deceased was 64 years old. He became ill while on a fishing shore a few days ago and was brought to this city. His condition grew gradually worse until his death followed. Mr. Owens many years ago was associated with the late Captain Kent, who conducted a public house on the east side of Union street, between Duke and Wolfe, who in conjunction with that business had a junk shop on the southwest corner of Duke and Union streets. Subsequently Mr. Owens became engaged in the oyster packing business in Alexandria, his establishment being among the most prominent in this vicinity.

Fell from a Train.

Howard J. Putnam, aged 27 years, a brakeman on a south bound freight train on the Southern Railway, slipped and fell from the roof of a car near Bristow last night. The train was stopped, Putnam placed aboard, brought to this city and taken to the Alexandria Hospital where he was attended by the company's surgeon. It was found that Putnam had received serious injuries, one of his legs having been terribly crushed as was also one of his arms. His condition was too grave to allow amputation, and his death followed this afternoon. The unfortunate young man is from Winston, Va. Sleet that had formed on the roof of the car caused him to slip while passing from one to the other.

The Elks.

As heretofore stated Alexandria Lodge of Elks will hold its third annual memorial service in the Opera House tomorrow night at 8 o'clock. The programme will include an oration to be delivered by Senator John W. Daniel. Lieut. Gov. Willard will also deliver an address. The exercises will be in charge of Exalted Ruler C. C. Carlin. Pistorio's Band of Washington will furnish the instrumental music. A quartet will render several vocal selections. Another feature of the programme will be a recitation by Capt. J. V. Davis, superintendent of the Alexandria National Cemetery.

The atmosphere was cold [illegible] this morning the trees bore a glassy appearance, while sleet formed on roofs of houses and on other places. Conditions today have been cold and threatening. An old resident, a lifelong observer of the weather, says that the first three days of December are generally indicative of the nature of the winter that is to follow.

Death of a Mariner.

Capt. Steward K. Geoghegan, a well-known mariner of Baltimore, died yesterday of old age at the home of his son, Capt. W. C Geoghegan, in that city. Captain Geoghegan was in the ninety-second year of his age. He was a native of Dorchester county, Md., but had lived in Baltimore for the past 55 years. During the civil war he commanded a United States transport. He leaves four sons among them Capt. William C. Geoghegan, of the steamer Anne Arundel, of the Weems' line.

A Pleasant Entertainment.

Alderman J. M. Hill handsomely entertained a number of his friends from Washington, Baltimore, Philadelphia, New York and other places at the Opera House Restaurant last night. Mr. Louis Brill's culinary skill was brought into requisition and oysters in all styles and other seasonable edibles were greatly enjoyed. A fine orchestra added a pleasant feature to the evening's enjoyment. The guests arrived here on a special electric train and left on the same.

Woman's Auxiliary.

On Monday next, the 5th inst., a meeting will be held in Christ Church in the interest of the Woman's Auxiliary to the Board of Missions of the Protestant Episcopal Church. The parish branches of the churches in Alexandria, the Theological Seminary and some of the neighboring counties will be represented. At the opening services at 11 a. m., there will be a celebration of the holy communion with a short address by Bishop Rowe. During a recess lunch will be served in the Parish Hall to the members of the several auxiliaries. From 2 to 4 p. m. there will be addresses from Bishop Rowe, of Alaska, Mrs. Sioussat, president of the Maryland Branch of the Auxiliary, and Rev. Dr. Morris, formerly of the Brazil Mission. Bishop Rowe, who is a most eloquent and interesting speaker, will tell of the work in his missionary district of Alaska and its needs. Mrs. Sioussat will give a resume of the proceedings of the triennial conference of the Woman's Auxiliary held in Boston during the recent general convention of the church and of the work accomplished by it in the past three years. Dr. Morris's subject will be that of the mission of the Protestant Episcopal Church in Brazil. Members of the other churches in Alexandria and those interested in missions are cordially invited to be present.

Property Sales.

Mrs. Mary Eliza Howard has sold to Mrs. Kemp L. Lambeth a house and lot on the east side of Columbus street, between King and Cameron.

Pursuant to a decree of the Corporation Court, Capt. R F. Knox sold at auction today a lot of ground on the east side of Peyton street, between King and Prince, to M. B. Harlow for $240; lots Nos. 20 to 27, inclusive, bounded by Patrick, Montgomery and Alfred streets, to Ross T. Elliott for $300; also lots of ground 32 to 35, inclusive, on Patrick street, south of Montgomery, to Ross T. Elliott for $150.

The Market.

There was a diminution in the supply of country produce in market this morning, the result of the cold and disagreeable weather. The display, however, apparently met the demand. Eggs had advanced, and some countrymen were holding them at 35 cents a dozen. Quotations for butter, poultry, vegetables, meats and fish were unchanged, but there was a hardening tendency in the first three articles named.

ARTLOOM TAPESTRIES.

THE October and November Ladies' Home Journal and other leading Magazines, in their articles on the Home Beautiful, in their hints on modern furnishings, in their suggestions for the Den, the Cozy Corner, the Boudoir, the correct treatment of windows and double doors, are forever saying that artistic and effective hangings are now to be had at a moderate price; that duplicates of rare tapestries, rich Oriental designs and beautiful colors are now within the reach of all. This is but an aggravation to the average woman, who has tried in vain to find such things at her dealer's, and who has come to believe they are the mere creation of the magazine writer's fancy, or else that their sale is restricted to the great city shops.

We are happy to report that we are showing a line of these Celebrated Draperies in Table Covers, Couch Covers, Curtains and Portieres. We control the sale of them in Alexandria and the prices are within the reach of all.

ARTLOOM TAPESTRIES are made in the largest factory in the world (which is a guarantee of their worth), and remember that they are only to be had of US.

A despatch from Monastir states that in the village of Lerinska yesterday a Greek band of revolutionaries attacked a Bulgarian wedding party, killing thirteen persons, including the bridegroom. Ten members of the wedding party were wounded.

In order to preserve the President of the Hungarian Chamber of Deputies from bodily harm during riotous behaviour of the deputies, a guard of 46 stalwart police has been organized. These officers will occupy places near the president's dais, and have been instructed to repel with force the onslaughts of the opposition.

After being out only forty-five minutes, the jury in the Darling murder case brought in a verdict at Versailles, Ind. last night of imprisonment for life. Darling shot and instantly killed his wife at Milan, on Thanksgiving day while she was at the home of her parents. Darling and his wife had been married a little over a year, and separated three weeks ago. Jealousy led to the tragedy.

A sensation has been caused in Constantinople by the arrest of Madame Sidole, a Russian doctor, who has had charge of the harem of the late Sultan Murad V. Sidole has been suspected of possessing the memoir of Murad V. including compromising revelations regarding Abdul Hamid; the present ruler of Turkey.

Five members of the Finland Lantag, who were sentenced to exile some time ago for delivering anti-Russian speeches, have been pardoned and permitted to resume their seats in the Lantag.

Virginia News.

Murphy's Hotel and the Richmond, in Richmond, are to be enlarged at an expenditure of $750,000.

Col. William B. Pettit, one of Virginia's most widely known lawyers, is seriously ill at his home near Palmyra, Fluvanna county.

Capt. Frederick Arbart died yesterday at his home in Henrico county. He served in the Prussian army as a captain through the Franco Prussian and Austro-Prussian wars. He came to Amelia in 1865.

Hugh Gordon Miller of Norfolk, Assistant United States District Attorney, has resigned that position. As he is in high favor with the Administration, the surmise is that he will be given some important office. Mr. Miller is in New York. Robert Nally, of Richmond, is recommended for the place Mr. Miller resigns.

The family of Col. Robert E. Withers has been summoned to his bedside in Wytheville, and the worst is feared. Col. Withers, who was a member of the United States Senate, 1875-1881, and afterward consul at Hongkong; and who fought through the entire civil war in the army of the Confederacy, is eighty-three years of age.

Gen. Citizens' Industrial Association.

At the meeting of the Citizens' Industrial Association convention held in New York this week the report of the committee on resolutions, which was adopted, reaffirms the objections as adopted at the Chicago and Indianapolis conventions of the Citizens' Industrial Association, and again declares for the open shop. Demanding only good faith and fair dealing, it discriminates against neither union nor independent labor.

"The freedom of the apprentice and the right of the individual to have a trade and follow it.

"The right of private contract, with equal obligation upon employer and employes.

"The right to work, limiting the hours of labor, whether of brains or of the hand, is a matter of mutual agreement, not a subject for arbitrary legislative enactment."

The resolutions oppose the limitation which the trade union sets upon the number of apprentices in any shop and favors the establishment of public artisan schools, giving a diploma which shall be the evidence of the right to begin to practice a trade.

The resolutions finally condemn the policy of trade unions in prohibiting membership in the State militia as disloyal and dangerous.

The Birmingham Congressional Club, the largest commercial organization in Alabama, at its meeting, last evening, adopted a resolution expressing gratification that President Roosevelt is to visit the South in the spring, and urge him to come to Birmingham.

SATURDAY EVENING, DEC. 3, 1904.

Why a Harpooner Is Also a Taber.

Among the old New Bedford whaling families was that of the Tabers. In speaking of this fact to a representative of the family the other day, a man who is a member of a well known New Bedford family himself, said:

"In the old whaling days the harpooners who sailed out of New Bedford were very often of your name. After a time the name Taber came to be the generic title of any harpooner, whatever his name might be. Even to this day a famous harpooner is known as a Taber."

The Ancients and Electricity.

Although little was known of electricity until comparatively modern times, it has been understood since six or seven hundred B. C. that certain substances when rubbed show attraction and repulsion for various light materials. Among these is amber; so, in the latter part of the sixteenth century, when electricity was more definitely known, its name was taken from the Greek word for amber.

His Sense of Touch.

"'Some men have the sense of touch developed to an extent that is little short of phenomenal."

"Yes, indeed! There's Closeboy, for instance. I've known him to say he hadn't a cent before I opened my lips."

Cruel.

Grayce—Maud tells me that Ferdy kissed her hand last night. Now, what do you think of that? Edythe—Well, I suppose the poor man had to do something and couldn't go her face.—Philadelphia Bulletin.

He Could Talk.

Witherby—My wife keeps a scrap book now of all the bright things our baby gets off. Plankington—Why, I the little fellow old enough yet? Witherby—Oh, yes. He repeats everythin I say.

Past Mending.

Doctor (to servant girl)—Well, now what is your particular affection Servant Girl (bashfully)—Please, sir, he's a clarinet player in the Twenty fourth of the line.—Journal Amusant

By Jupiter, Take This.

The letter "R" at the head of all prescriptions is derived from the Latin word recipe, the imperative meaning "take." The little dart over the tail of the "R" is the symbol of Jove, or the Latin god Jupiter, and invests the writer with his authority—by the power of Jupiter. Therefore the sign properly reads, "By Jupiter, take this."

Yourself.

Man's greatest enemy is himself. If every man in the world should be as careful of deserving an honest opinion of himself as he is of getting the good opinion of others there would be a vast difference in the standing of the majority of mankind.—Lynn News.

Off Duty.

"Hello!" cried the policeman. "Reading a paper, eh? I thought you were a blind man!"

"So I am during business hours," the blind man replied, "but I'm off duty now."—Philadelphia Press.

Might Be, but Not Wisely.

"Do you consider him a man who can be trusted?"

"Well," replied the Boston purist, "I suppose he can be trusted, but there would be considerable risk attached to the proceeding."

The Book That Held Him.

"Yes, I picked up this book last night, and I never budged out of my chair until 4 o'clock this morning."

"Goodness! Was it that interesting?"

"No; but I didn't wake up until that time."

Willing to Listen.

Tess—She was boasting that she is a very good listener. Jess—Yes. She's what you might call a fluent listener. She loves to hear herself talk.—Exchange.

Cynical.

"Why," said the sweet girl, "do they say that love is of the heart?"

"To show," said the old bachelor—"to show that the brains have nothing to do with it."

Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at E. S. Leadbeater & Sons' drug store.

RECTOR OF ST. LUKE'S,

Ashburnham, Ontario, Testifies to the Goo Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a Godsend remedy. Respectfully yours,

E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church.

To Chamberlain Medicine Co. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, S., says: "Have had dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with Indigestion or Dyspepsia should use it." Sold by druggists.
